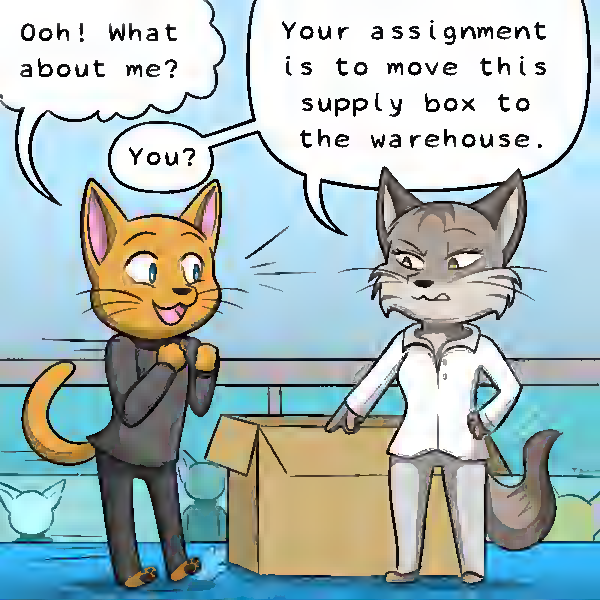
Attention, cats! Our base has been compromised! Everyone rank B or higher: arm yourselves and fan out to search for intruders!



Ooh! What about me?
You?
Your assignment is to move this supply box to the warehouse.

Aw, why do I never get the cool jobs?
Because YOU let the intruders in here in the first place, idiot!
You can't even keep a proper lookout!

Just do your damn job for once and get pushing, box-pusher!
That is, if you're even competent enough to do THAT right!
GRUMBLE...

Pfuh... "Not competent enough..."
I'll show her!
*SKOOTCH*

I'll push this box to the friggin' limit!
I'll be the best box-pusher ever!
